

Just Friends

[Vanessa Williams](#)

Here we are once again, it's the same old story
You and I, me and you claiming we're just friends
When are we gonna learn that we don't have a choice?
We both know how it ends so we just choose to pretend
In a way it's all secondary for the way that things have
been
We fall out of love and back in love again
We'll go round and round and still say we're just friends
Gotta stop, gotta chill, makes no sense to be falling
You got her, I got him, should not even be calling
We can try if we want but we don't have a choice
'Bout the way we feel, it's hard to stop when something's real
In a way it's all secondary for the way that things
have been
We fall out of love and back in love again
In a way it's all kind of scary, the things that we can't admit
We fall out of love and back in love again
We'll go round and round and still say we're just friends
Still got the charm [Incomprehensible] running my
heart in
I must stay away from your arms so I don't fall, fall, fall, fall
In a way it's all kind of scary, the things that we
can't admit
We fall out of love and back in love again
We'll go round and round and still say
We'll go round and round and still say
We'll go round and round and still say we're just friends, just friends
