

# I'm Gonna Make You Love Me

## Diana Ross and the Supremes

I'm gon' make you love me!

Word word

Word, word

Pretty lady, can I have a  
Second of your time, in order to deliver  
This message that I've been keepin'  
Inside for a while since you and I been meetin'  
Now, I've seen girls, in many different places  
Some were fly, some with okay faces  
But all that you could do was stop and glance  
But you really caught the eye of the Overweight Prince  
That day that I saw you shoppin' in Macy's  
Tried to track you down, girl you drove me crazy  
Now that I got you, in front of me  
You'll never wanna leave Heavy D, I'm gonna make you love me

[Chorus]

I'm gonna make you love me, love me

I'm gonna make you love me

I'm gonna make you love me, love me

I'm gonna make you love me

It took weeks, tried to track you down  
Spent a whole lot of time searchin' all around town  
It's like you disappeared, without a trace  
Then one day I turned around BOOM you're right in my face  
So just chill, cause this will only take a minute  
Sit down relax while I start from the beginnin'  
See I am Heavy D and entertainment's my profession  
There's no stoppin love when I start my caressin  
I can make your day, much brighter than the sun  
And if you like good times, I'm the one for fun  
I won't try to buy you girl with my money or gold  
'Cause love can't be bought is how the story is told  
But I'll treat you really good, give you all of my time  
And each and every day you will be on my mind  
All I want from you is truth and honesty

You'll never wanna leave Heavy D, cause I'mma make you love me

[Chorus]

Yeah you see what I'm sayin?

Y'know, come to the crib, say about nine o'clock

And I'll have the filet mignon

And Dom Perignon chillin' on ice

And when you come, park, y'knahmsayin? Word
