

Six White Cadillacs

Emmylou Harris

Workin' hard all my life
Always tried to get it right
Every day and every night
Hey hey hey carry me home Singin' in a honky tonk
People dancin' getting drunk
Never knowin' what I want
Hey hey hey carry me home I just want a little
Give me just a little
Just a little peace of mind
Can't somebody tell me
Please somebody tell me
Hoe long does this road unwind Six white Cadillacs
Crossin' on the railroad track
Angels in the front and back
Hy hey hey carry me home
