

Sid Vicious Was Innocent

The Exploited

Sid shot dope and then got drunk
He did it his way "punk"
He didn't have a problem
Till he met that bloody cunt

Sid Vicious was innocent
They say he killed her it can't be so
The fucking queen should know
Heroin and anarchy
Ah ah ah

Innocent, innocent, innocent, innocent
It's not his fault that she died
He liked his chick fried
Now his face is on my shirt
We won't forget his famous smirk

Innocent, innocent, innocent, innocent!
