

# Drove Me to the Wall

Caroline

Drove me to the wall Slow down now you're so fast  
There's no race here on this track  
Still a chance if i take my lead  
But you pushed me forward in full-speed You drove me to the wall  
I put my car in stall  
You drove me to the wall  
I put my car in stall You didn't mean to do that  
I forgive and forget the past  
There's still a chance i'll turn around  
From the back i hear this crashing sound You drove me to the wall  
I put my car in stall  
You drove me to the wall  
I put my car in stall I can't turn back  
I can't turn back  
I can't turn back to you You drove me to the wall  
(i can't turn back)  
I put my car in stall  
(i can't turn back)  
You drove me to the wall  
(i can't turn back to )  
I put my car in stall  
(you)
