

Alright

Ledisi

This life can make me so confused
But it's alright
Living day by day I feel so used
That ain't right I just want to run and hide but I don't have the time to cry
It's alright
It's alright
Alright Many thoughts are running through my head
It's alright
Itching to be somewhere else but here
It's alright I can't wait to see your face
I need a smile and your embrace
I'm alright (2x)[Chorus]
Life can bring us through many changes
It's alright
Just don't give up it's going to be alright
People come and they go
It's just the way it goes
Everything is everything
It's alright Sometimes the rain makes me sad and it's alright
Sometimes things in the world make me mad and it's alright
In the morning when I see the Sun I know I'm not the only one Wish I had some money to pay my bills
I can't even buy that dress on sale but it's alright
Having money don't mean a thing
Loving you is everything
And I'm alright
I'm alright [Chorus] Everything is everything
Everything is everything [Chorus x2]
