

Outlaws

Disciple

Do you live
Do you think like they told ya
Round your neck can you breathe
When they hold ya
Doin what they say
A puppet on a string
If you do just what they want
Theyll promise you just about anything Can you believe
Do you dream you can be free
Take your hands off your eyes
So that you see
Youre more than just a face
Youre more than just a name
Youre more than labels
That the hypocrites around you gave To all the outlaws
All the outcasts
If you wanna breathe
Come on and fly with me
To all the knocked down
All the burned out
You wanna be free
Come on and fly with me To all the outlaws
All the outcasts
If you wanna breathe
Come on and fly with me
To all the knocked down
All the burned out
You wanna be free
Come on and fly with me Do you burn
Do you bleed when they touch ya
Do you scream in your sleep
While they cut ya
More than just pretty scars
Thats what they wanna leave
Sit in a tattoo chair
Theyll leave the Markings of a Beast Do you believe
Do you dream you can be free
Take your hands off your eyes
So that you see

You're meant to rise above
Yeah, you were made to fly
You were made to sing and dance
Where angels never die To all the outlaws
All the outcasts
If you wanna breathe
Come on and fly with me
To all the knocked down
All the burned out
You wanna be free
Come on and fly with me To all the outlaws
All the outcasts
If you wanna breathe
Come on and fly with me
To all the knocked down
All the burned out
You wanna be free
Come on and fly with me Say so long
To whatever you once were
Say so long
To everything that you once knew
Were more than faces
Were more than just names
Were more than labels
That hypocrites gave
Were the affection of the unseen
We are the sons and daughters of the King To all the outlaws
All the outcasts
You wanna be free
Come on and fly with me To all the outlaws
All the outcasts
If you wanna breathe
Come on and fly with me
To all the knocked down
All the burned out
You wanna be free
Come on and fly with me To all the outlaws
All the outcasts
If you wanna breathe
Come on and fly with me
To all the knocked down
All the burned out
You wanna be free
Come on and fly with me Are you ready to fly?
