

# Outta My Mind

## The Arcs

I heard I lost my self control  
But everything I did just went and turned to gold  
I love the pictures on the wall  
Reminding me of what I lost to get it all

Outta my mind  
But I made it  
Outta my mind  
I'm faded  
Outta my mind  
The ones, I love, have left my side  
Outta my mind  
But I made it  
Yeah

I'm old enough to know the game  
But pushing buttons now is all that keeps me sane  
What about tomorrow night?  
Maybe we can take too much and start a fight

Outta my mind  
But I made it  
Outta my mind  
I'm faded  
Outta my mind  
The ones, I love, have left my side  
Outta my mind  
But I made it  
Yeah

Somebody help me now  
Because I'll come around  
If you don't I'll sit down

Outta my mind  
But I made it  
Outta my mind  
I'm faded  
Outta my mind  
The ones, I love, have left my side

Outta my mind

But I made it

Yeah
