She's Mine

Carl Wilson

Don't ask her she's mine
Just 'cause she acts like she might
Don't ask her she's mine
She would be yours for tonight
Don't ask her she's mine
She would do anything to get to me
Don't ask her she's mine
She'll tell you different but she ain't free
The girl can't help it if she can't be true
This situation's gettin' lewd
She tries my patience every once in a while
'cause she knows that I like her style
Don't ask her she's mine
Let me supply all the love she needs
Don't ask her-she'll
Give you my lovin' but she won't ever leave me
