

# Melody

Ray J

i just wish that i can hold you why you slippin through my fingers as im playing the piano what does that sound  
it sounds so beautiful and i just want to be close to you close enough the i can feel you im already wondering  
where you are and it sounds like its coming from my guitar melody said that i love you love you love you  
melody said that i adore you adore you adore you melody said that i need you need you need you i can call my  
foolish and i might be but im in love with the melody dony and stevey they can write you now you come  
humming in my ride to as the musics playing in my radio i hear that sound it sounds soo beautiful it makes me  
wanna just inbrase youu you you your close enough i can taste you i know just where you are cause your right  
here next to me melody melody said that i love you love you love you melody said that i adore you adore you  
adore you meldoy said that i need you need you need you i can call my foolish and i might be but im in love  
with the melody Melody said that i love you love you love you melody said that i adore you adore you adore  
you melody said that i need you need you need you i can call my foolish and i might be but im in love with the  
melody

melody said that i love you love you love you melody said that i adore you adore you adore you melody said  
that i need you need you need you i can call my foolish and i might be but im in love with the melody

melody said the i love you love you love you melody said that i adore you adore you adore you melody said that  
i need you need you need you
