

# Holding You

## Grey Daze

Endless hopes, well  
That's too bad  
Smile happy  
Enjoy my pain  
Hoping I can find  
What we never had  
Never holding you  
It makes me  
Bridge 100% is where it lies  
Behind the tide  
Inside the ocean  
Inside you ocean Frozen is the present past, oh  
Made of stone, but breaks like, so  
Take me now to where I want to go  
Thoughts astray but who will know In a dream it seems  
Just to hold my hand  
Shaking the release  
Stop me,  
Stop me if you can
