So Long

Ace Troubleshooter

So long, farewell
Goodbye you crazy Southerner, goodbye
Don't cry, turn awayDon't change, I'll write
And all the other stuff, we kinda mean
Don't cry, turn awayI'll remember you, so long
With your super thumping radio
I'll remember you, so long
Hey, ohIt's been too long
Since games and running totals filled our minds
Boxed up, put awayHach and Brian have gone now
You went your way, I went mine
It's all okayI'll remember you, so long
With your super thumping radio
I'll remember you, so long
Hey, ohDon't sit in that gum
As you're lounging in the sun
I'll remember you, so long
Hey, ohSo long, farewell
Au revoir, goodbye
I hate to see you go
Don't cry, turn awayGoodbye, my friend, I'll miss you so
Across the states you had to go
Goodbye, my friend, I'll miss you so
For all the way across the states you had to goGoodbye
(Goodbye)
Goodbye
(Goodbye)
