

Good as Gone

Little Big Town

There's a cold feelin'
Runnin' up and down my spine
It seems to say we're just wastin' time
It's like a bad movie
One I wish I'd never seen
The plot gets old
Do you know what I mean?
Don't try to tell me it ain't what it is[Chorus]
I'm good
I'm good at seein' the signs
I'm good at reading between the lines
No use in hangin' on
'Cause you're good to go
And, baby, I'm good as gone On a lost highway
I don't know how I got where I am
Take the next Splits-ville exit ramp
It's like a cheap vacation
One I thought we planned very well
Now we've checked out of the Lovely-love hotel
Don't try to tell me it ain't what it is[Chorus] Don't try to tell me it ain't what it is[Chorus] Baby, I'm gone, I'm
gone
