

# It's Wonderful (To Be Loved By You)

Jimmy Ruffin

There must be a word that says how much I love you  
One fulfilling word that shows how much I care

Wonderful, to be the word  
Yes wonderful, I found the word  
Oh it's wonderful to be loved by you  
It's wonderful to be needed by you

So much pride is what I felt inside  
When from the hopeful ? you reach for me  
Then I saw my life change when you became  
The girl that walks with me, the one that talks to me  
And I, I walk with my head held high  
people ? me as they pass them by  
I got an angel walking by my side

And it's wonderful to be loved by you  
It's wonderful to be needed by you

Wonderful, I've got this feeling  
So wonderful, there's no concealing  
That it's wonderful to be loved by you  
It's wonderful to be needed by you

Empty, is how life was for me  
Until you took your love and filled it up  
And then so suddenly my heart came alive  
from the tenderness that you put inside  
How you gave me love  
And I accept the greatest joy a man can possess  
Thank you for giving me, all this happiness

Cause it's wonderful to be loved by you  
So wonderful baby, to be needed by you

Wonderful, I call this feeling  
So wonderful, there's no concealing  
That it's wonderful to be loved by you  
It's wonderful to be needed by you

I'm a happy man baby, cause I'm loved by you  
Makes me feel so good to be needed by you

It's wonderful to be loved by you
