

# Change My Mind (feat. Migos)

Avery Wilson

I have to play this shit off  
I wanted to make you my love  
I knew from that day  
that nothing he say could change my mind  
I have to play this shit off  
Officially you're not mine  
I know that he knows 'bout everything  
But nothing he say could ever change my mind  
Change my mind  
Put that on everything  
Change my mind  
Put that on everything  
Nothing gonna change my mind  
Is that you're not getting enough love  
Cause it's taking everything for me not to come over  
and tell you you're the one I want  
Girl, I want your recognized fire  
Baby, you got that sauce every nigga in here tryna get  
You're what I want  
But I'll let everybody around in here  
iff I have to win your love  
No more you don't have to put ten  
Your can go and let me rescue you  
My heart to it to the left as you walked in here  
Not a damn thing he can do  
But be clear, if we both leave here  
you'r the first thing I'm gon' do  
I have to play this shit off  
I wanted to make you my love  
I knew from that day  
That nothing he say could ever change my mind  
I have to play this shit off  
Officially you'r not mine  
I know that he knows 'bout everything  
But nothing he say could ever change my mind  
Change my mindLook Mamma, a dime  
There's nothing that you can do to change my mind  
Look Mamma, a dime  
There's nothing that you can do to change my mind

Look Mamma, a dime  
There's nothing you can do to change my mind  
Time is money and money is time  
She's standing right next to her man in disguise  
She's looking at me at the corner off her eye  
She's walking away from you, want a rewind  
After they put her, they give her a ride  
I beat her, she give me  
breen call her defriedPull up to the Mollar  
Hop out with mi amigo

...

Looking for some damage  
Found me a Kim Kardashian  
I got it  
Get it

Nobody can stop me 'cause I'm passionate  
I wind up introduce myself  
Told her - My name is Tego  
Told her 'bout my magic act  
Can pull up im my Leggo  
Told me that she's not sick off her nigga  
working for locker slipper

Gave her number told me pull up makes her grilzz come offI have to play this shit off

I want to make you my life

I knew from that day

That nothing he say could ever change my mind

I have to play this shit off

Officially you're not mine

I know that he knows 'bout everything

But nothing he say could ever change my mindChange my mind

Change my mind

Put it on everything

ChangeIf I pull that weapon on you

Is it fine for me to come

Cause I've been told a couple off times that I'm a dime rude wind

You know you body original fire

Girl it got you in that cuf-cuffs

I'ma do my thing just to break that lawBut I'll let everybody around in here if I have to win your love

No more you don't have to put ten,

You can go and let me rescue you

My heart took it to the left as you walked in here

Not a damn thing he can do

But be clear, if we both leave here you're the first thing I'm gon' do

I have to play this shit off

I want to make you my life

I knew from that day,  
Got nothing to say that it could change my mind  
I have to play this shit off  
Officially you're not mine  
I know that he knows 'bout everything  
But nothing he say could ever change my mind!Change my mind!  
Put that on everything
