

# Unnecessarity

## Krabathor

Spapes and forms of the human body  
Only thought is able to kill  
We are too ordinary  
To give ourselves air over something  
Repeat  
Everything around seems to be  
Strange to you  
Nothing is how you want it to be  
There are too many realities in life  
And you have problems resting them  
You can't get to know  
Anything in yourself  
Only others see what you do wrong  
You try to suppress your inner evil  
You must be ready for it.  
Repeat  
Unnecessarity of your life  
Sucks your power  
You just must die,  
You just must die,  
You just must die  
Die from desperation  
Die for sorrow  
Falling down world in your head,  
There's no way out  
Birth, power, life  
Birth, pain and blood  
Repeat  
Everything around seems ...  
Repeat
