

# Long Time Coming

[Jonny Lang](#)

Yeah it's been a long time coming  
Never thought it'd take so long  
I stood still but time kept running  
Time has made me strong Yeah it's been a long time waiting  
Waiting for this day to come  
Time don't wait so I keep singing Yeah it's been a long time coming  
Never thought it'd take so long  
I stood still but time kept running  
Time has made me strong  
Made me strong, made me strong  
Time has made me strong
