

Dead on Arrival

GBH

Tracks in his arm made him a man,
No-one could understand.
Each night he'd go out shooting skag,
Met a pusher who sold him a bag. That's why he was ..
Dead on arrivalRan out of money so he stole a car,
tried to run but didn't get far.
Sent to prison, no turning back,
saw his arm, weaned him off smack. Out on parole tried to keep calm,
finally died with a needle in his arm.
Yes out on parole, tried to keep calm,
finally died with a needle in his arm.
