## Guttermouth

I'm crazy I'm out of my mind
I said I'm crazy and you're out of time
Oh yes, so crazy, so sick of your kind
I said I'm crazy baby, and you're out of lineEvery time you look at me
I realize what you can't see
Then I know I was right all the time
Up and down, Side to side
I racked my brain, lost my stride
Always said I'd crack down the lineSo just leave me, leave me alone
My head is finally straight, so I can see where I'm going
Take your silly problems back to someone new
It's plain as night and day I'm not the one for you.
