

# Strike the Ground (feat. Michael Ketterer)

Seth Yates

There's a dance that in your chest  
And realize i was sturring up ahead

We prayed

There's a dance thats in your chest

You were here instead

I was sturring up ahead

Bring the rain

To bring the rain

Bring the rain

Oh bring the rain

We strike the ground on the waves of revival

Praise forward

Praise forward

We strike the ground on the waves of revival

Praise forward

Praise forward

Cause there's a war going on in the heavenlys

And we're tearing down wicked principalities

There's a war going on in the heavenlys

And we're raising up righteousness

There's a war going on in the heavenlys

And we're tearing down wicked principalities

There's a war going on in the heavenlys

And we're raising up righteousness

And we're raising up righteousness

And we're raising up righteousness

And we're raising up righteousness

And we're raising up righteousness

We strike the ground on the waves of revival

Praise forward

praise forward

We strike the ground on the waves of revival

Praise forward

Praise forward

We strike the ground on the waves of revival

Praise forward  
Praise forward  
We strike the ground on the waves of revival  
Praise forward  
Praise forward

Cause there's a war going on in the heavenlys  
And we're tearing down wicked principalities  
There's a war going on in the heavenlys  
And we're raising up righteousness

There's a war going on in the heavenlys  
And we're tearing down wicked principalities  
There's a war going on in the heavenlys  
And we're raising up righteousness

And we're raising up righteousness  
And we're raising up righteousness  
And we're raising up righteousness  
And we're raising up righteousness

Our hearts are crying out  
We need to see you now  
Your kingdom coming power  
Send the rain

Our hearts are crying out  
We need to see you now  
Your kingdom coming power  
Send the rain

Send the rain  
Send the rain  
Send the rain  
Send the rain  
Send the rain  
Send the rain  
Send the rain  
Send the rain

I see Satan fall like lightning  
And i see Jesus lifted higher  
Now Fear can't stop us  
Death can't stop us  
We go for the big victory

But not like lightning

Our heart are crying out  
We need to see you now  
Your kingdom coming power  
Send the rain

Our hearts crying out  
We need to see you now  
Your kingdom coming power  
Send the rain

Send the rain  
Send the rain  
Send the rain  
Send the rain  
Send the rain  
Send the rain  
Send the rain  
Send the rain

Everytime Everytime  
Strike the ground bring the rain  
Everytime everytime  
Strike the ground bring the rain  
Everytime everytime  
Strike the ground bring the rain  
Everytime everytime  
Strike the ground bring the rain  
Everytime everytime  
Strike the ground bring the rain  
Everytime everytime  
Strike the ground bring the rain

Our hearts are crying out  
We need to see you now  
Your kingdom coming power  
Send the rain

Send the rain  
Send the rain  
Send the rain  
Send the rain  
Send the rain  
Send the rain  
Send the rain

Send the rain
