Break

Three Days Grace

Tonight my head is spinning
I need something to pick me up
I've tried but nothing is working
I won't stop, I won't say I've had enoughTonight I start the fire
Tonight I break awayBreak away from everybody
Break away from everything
If you can't stand the way this place is
Take yourself to higher placesAt night I feel like a vampire
It's not right but I just can't give it up
I'll try to get myself higher
Let's go we're gonna light it upTonight we start the fire
Tonight we break awayBreak away from everybody
Break away from everything
If you can't stand the way this place is
Take yourself to higher placesIf you can't stand the way this place is
Take yourself to higher placesBreak away from everybody
Break away from everything
If you can't stand the way this place is
Take yourself to higher placesHigher places, to higher places
Higher places, take yourself to higher places
