

Long Time Comin (feat. Ransom)

Nicki Minaj

Verse 1
Patty cake, patty cake

I mean really, what the fuck that bitch Patty bake?

Anyway, I just heard T.I.P say

That black people turnin lemons into lemonade, tell em to demonstrate
I guess he did already, guess I'm a little bitter

Cause I show bitches how to do it like they baby sitter

So where my cash at, and where my stash at

I mean where the Dial Jones? Where the Nas Dack?
I do it for the little Macs with they caps back

For the little niggas pumpin crack out they nap sack

No what I mean, get the sticky green, pass that

I smoke bitches, can't nicotine patch that
Don't need ya spot to get a good game

Cause a shot is a shot if you got a good aim
Chorus

It's been a long time comin but I came

Now everybody in the rap game know my name

But honey ain't a damn thing funny when your fame

Outweighs your change (outweighs your change)
It's been a long time comin but I came

Now everybody in the rap game know my name

But honey ain't a damn thing funny when your fame

Outweighs your change (outweighs your change)
Verse 2
We on the road to riches, we fuckin loads of bitches

I'm playin with ya mama, Nicki, she's so suspicious

My little golden mistress, for her I load them biscuits

Yeah, I roll with niglets we so explicit you won't resist it
It's been a long time comin but you don't know specifics

No more phony wishes, we ready cause now we know the business

Come holla at ya god, I always make it pour

Invite me to your wedding, I'll throw dollars at the bride
It's Dirty Money, dirty jeans, and dirty skullies

You heard he funny, but chill, I'm still absurdly gully

Most these rappers lost, there's no cash at all

If I knew this back then, I would of just played basketball
Well maybe not, they said that I never passed the ball

If there's no cash involved, baby I'ma laugh it off
Chorus

It's been a long time comin but I came

Now everybody in the rap game know my name

But honey ain't a damn thing funny when your fame

Outweighs your change (outweighs your change)
It's been a long time comin but I came

Now everybody in the rap game know my name

But honey ain't a damn thing funny when your fame

Outweighs your change (outweighs your change)
It's been a long time comin but I came

Now everybody in the rap game know my name

But honey ain't a damn thing funny when your fame

Outweighs your change (outweighs your change)It's been a long time comin but I came
Now everybody in the rap game know my name
But honey ain't a damn thing funny when your fame
Outweighs your change (outweighs your change)
