Stay Free

Turbonegro

Hey, Hank who are you?

Who said that?

What's with the hat and the cain?

Are you really insane or is it just a game?

Something you ain'tHey, Hank what's up with the eyes?

Is it just a disguise, you know?

Something you're trying to hide

Something deep insideSo shut up, shut up

Put your denim on and stay free

And get up get up

Shake your leather off and stay freeHey, Hank what do you want back-off?

What's up with the cape?

With the ape that you raped?

And your heart full of hate?

Was it worth the steak? Hey, Hank is it true that you died?

Or is it simply a lie?

That you know you sacrificed a life

To the Gods up highSo shut up, shut up

Put your denim on and stay free

And get up get up

Shake your leather off and stay freeSo when you see me in my denim dream

You know, I play for keeps

You know, I'm trying just to keep it clean

Because I'm a freedom machine such a freedom machine Treasure

So shut up, shut up

Put your denim on and stay free

And get up get up

Shake your leather off and stay free

Gotcha
