Alone

Ikon

It doesn't matter anymore
It doesn't matter anymore
I'm not the person I used to be
I'm not the man I thought I once wasI don't know quite where I am
Where I am where I am
I'm sitting here in a dark corner
Looking at nothing but always something
Always somethingMy eyes are fixed on a vision
Of you, of you
My eyes are fixed on a vision
Of you, of you
Of you
Of youFrom: A Moment In Time
