

Break Me Down

Drake Bell

break me down enought ill take ur side,
and all ur attitude,
and i would like for u to just decide,
on what ur gonna do

maybe illl decide ive had enough
of wat u put me thru
then perhaps u could return my stuff
and all my records too
(my 78's and my 45'! give em back!)

(i cant believe ive fallen for you)
(a rusted silhouette is bracing body filamance)
(i cant believe ive fallen for you)
(a verbal avalanche is serven up ur innocance)

so bye baby bye
come try baby try
u can do wat u want
stay for awhile
u kno at the end of the day
i still make u smile

(oh oh oh oh)
