

# Serves You Right

Lionel Richie

La, da, da, da  
Ooh, oh  
You and I were so in love  
You were all I was thinkin' of  
There was so much magic in your eyes  
Then one day you said we were through  
You said you found somebody new  
And then you turned and you walked right out the door  
Baby I told you his love wasn't true  
You didn't hear me, so now I say these words to you  
Serves you right for sayin' goodbye  
Now you say you're sorry  
Serves you right for sayin' goodbye  
Baby  
Serves you right for sayin' goodbye  
Now you see who's sorry now  
Oh, oh ah  
I remember you standin' there  
Sayin' to me you didn't care  
And I was begging baby, please don't go  
Now you're cryin', tellin' me what went wrong  
Girl you stayed away too long  
Can't you see I've got you off my mind  
Thinkin' 'bout the pain that you put me through  
I can't help you because it feels good tellin' you  
Serves you right for sayin' goodbye  
Now you say you're sorry  
Serves you right for sayin' goodbye  
Baby  
Serves you right for sayin' goodbye  
Now you see who's sorry now  
Whoa, oh, ah, hey  
"See mama, what I'm tryin' to say to you is that  
I'm, you know, I love you  
But you, you hurt me so bad  
I can't take it no more girl  
Just can't take it more girl  
Oh  
No no no I don't want to hear

Don't say it more  
Don't tell me more  
Try to get by  
Try to get cryin' girl  
Now I don't care, missing"  
Thinkin 'bout the pain that you put me through

I can't help you because it feels good tellin' you  
Serves you right for sayin' goodbye  
Now you say you're sorry  
Serves you right for sayin' goodbye  
Baby yeah  
Serves you right for sayin' goodbye  
Now you see who's sorry now  
Whoa, oh, yeah  
Serves you right for sayin' goodbye  
Now you say you're sorry  
Serves you right for sayin' goodbye  
Baby yeah  
Serves you right for sayin' goodbye  
Now you see who's sorry now  
Whoa, oh, yeah  
"Uh

I've given all your love  
There ain't nothin' leavin' any more  
'Cause all you wanna do  
Is set me free today"  
It feels good telling you  
Serves you right for sayin' goodbye  
No I just don't need you  
Serves you right for sayin' goodbye  
All you do is use my love  
Serves you right for sayin' goodbye  
Can't let you hurt me any more  
Whoa, oh, whoa  
Serves you right for sayin' goodbye  
Don't say you're sounding wierd  
Serves you right for sayin' goodbye  
Also words don't heal me  
Serves you right for sayin' goodbye  
It's you who's sorry now  
Whoa, whoa, whoa, yeah  
Serves you right for sayin' goodbye  
(See the feeling)  
Serves you right for sayin' goodbye

Serves you right for sayin' goodbye

Serves you right

Yeah

(Serves you right for sayin' goodbye)

Now you say you're sorry

(Serves you right for sayin' goodbye)

Also words don't make a thing now
