# Angel Eyes

## Raghav

There's no one above it
We all need some loving
Some kissing and hugging
Like yeah, yeah, yeah, yeah
You can't live without it
Yeah I used to doubt it
But now that I've found it
Yeah, yeah, yeah, yeah
'Cause my baby's got
Ooooooooooooooooooo
Angel eyes
Yeah my baby's got
Ooooooooooooooooooo
Angel eyes
Well now I've been down and lonely
I wish if only
The whole world could feel my vibe
We all need one simple reason
Something to believe in
I know that I've got mine
'Cause my baby's got
Ooooooooooooooooooo
Angel eyes
Yeah my baby's got
Ooooooooooooooooooo
Angel eyes
[Jucxi Verse]There's no one above it
We all need some loving
Some kissing and hugging
Like yeah, yeah, yeah, yeah
You can't live without it
Yeah I used to doubt it
But now that I've found it
Yeah, yeah, yeah, yeah
'Cause my baby's got
Ooooooooooooooooooo
Angel eyes

Yeah my baby's got

Oooooooooooooooooo
Angel eyes
Well now I've been down and lonely
I wish if only
The whole world could feel my vibe
We all need one simple reason
Something to believe in
I know that I've got mine
Well now I've been down and lonely
I wish if only
The whole world could feel my vibe
We all need one simple reason
Something to believe in
I know that I've got mine
'Cause my baby's got
Oooooooooooooooooo
Angel eyes
Yeah my baby's got
Oooooooooooooooooo
Angel eyes
