

I Come With Knives

Iamx

Kinder und sterne kÃ¼ssen und verlieren sich
Greifen leise meine hand und fÃ¼hren mich
Die traumgÃ¼tter brachten mich in eine landschaft
Schmetterlinge flatterten durch meine seele

The paradox or our minds
Too much to believe, too much to deny
You fool me again to quiet my pride
But Iâ€™m a human, I come with knives

I never promised you an open heart or charity
I never wanted to abuse your imagination

I come with knives
I come with knives
And agony
To love you

Kinder und sterne kÃ¼ssen und verlieren sich
Greifen leise meine hand und fÃ¼hren mich
Die traumgÃ¼tter brachten mich in eine landschaft
Schmetterlinge flatterten durch meine seele
In der mitternacht.

The monotony
And the rising tide
Is under my skin, is crawling inside
Adrenaline to rewire my mind
I'm only human, I come with knives

I never promised you an open heart or charity
I never wanted to abuse your imagination

I come with knives
I come with knives
And agony
I come with knives
I come with knives
To love you
And agony

To love you
With agony

I come with knives
With agony
To love you

Kinder und sterne kÃ¼ssen und verlieren sich
Greifen leise meine hand und fÃ¼hren mich
Die traumgÃ¼tter brachten mich in eine landschaft
Schmetterlinge flatterten durch meine seele
In der mitternacht [x2]
