

Gone (feat. the Jacka, Lil Rue, Mozzy & Liqz)

Berner

Iv'e been movin ice cream
Since I was sixteen
Thirty toes down
Now Vegas my with me
Plus I make a bitch cream
Put it on a bit screen
I probly with the molly
A gutta keep my kix clean
I'm in it with a snub knose
Ya I make the club close
I used to cook the rocks
Now I make the buzz drop
Got off the drugs now
High off the gunsmoke
My livin room table look like a gun show
We inport or export everytime I head north
I got my money tucked all stashed in the dash bord
Fate that I'm livin but really this is hell
Another nightmare
Lord, keep me out of jail
My neck all froze cars clothes
How much money can I blow?
Anytime I hit that, your favourite rapper wanna pound
To roll, just flow to the city
If they kick, I'm a fix
I heard a P, I put a 20 on my doughnut
Gone with them, gone with them,
Gone with them
A little dirty in the club, last night, girl
I was gone, I was gone
I was gone
Now I'm gone, now I'm gone
Now I'm gone
3 chains on my neck
Via the club
Now I'm gone, now I'm gone
Now I'm gone
I heard a P, I put a 20 on my doughnut
Gone with them, gone with them,

Gone with them
A little dirty in the club, last night, girl
I was gone, I was gone
I was gone
Now I'm gone, now I'm gone
Now I'm gone
3 chains on my neck
Via the club
Now I'm gone, now I'm gone
Now I'm gone I did it on my own, yeah I'm sittin' on the crown
[?] I got cutties in the mission
But we're drivin' to head to that party
No clowns in my ice
I'm high on the night
Big shot, smoke right
Beast mode, buck 20 on the highway
Make sure the coke brick fly away
I got money on my mind, no time to waste
New diamond chain, I flew a private plane
To Peru with my crew just to try the cane
Let's talk about luxury, more drugs for me
Bet you never find a plug like me
2 hits and make her toe glow Now I'm gone, now I'm gone
Now I'm gone
I heard a P, I put a 20 on my doughnut
Gone with them, gone with them,
Gone with them
A little dirty in the club, last night, girl
I was gone, I was gone
I was gone
Now I'm gone, now I'm gone
Now I'm gone
3 chains on my neck
Via the club
Now I'm gone, now I'm gone
Now I'm gone I heard a P, I put a 20 on my doughnut
Gone with them, gone with them,
Gone with them
A little dirty in the club, last night, girl
I was gone, I was gone
I was gone
Now I'm gone, now I'm gone
Now I'm gone
3 chains on my neck
Via the club

Now I'm gone, now I'm gone
Now I'm gone
Now I'm gone, now I'm gone
Now I'm gone Now I'm gone, now I'm gone
Now I'm gone
Now I'm gone, now I'm gone
Now I'm gone
