

# Laissez-Faire

## Telekinesis

Sometimes I am a lazy boy  
A plaster cast of skin and bones And if i can't get you all alone  
Then i pick up that broken telephone Oh oh oh oh oh if you came to reason  
You can't believe it when it's not in your mind Oh oh oh oh oh if you came to reason  
You can't believe it when it's not in your mind The state of this is laissez-faire  
Don't believe the media they work in pairs Take some time to be aware  
I am yours even when I'm not there Oh oh oh oh oh if you came to reason  
You can't believe it when it's not in your mind Oh oh oh oh oh if you came to reason  
You can't believe it when it's not in your mind Oh oh oh oh oh if you came to reason  
You can't believe it when it's not in your mind Oh oh oh oh oh if you came to reason  
You can't believe it when it's not in your mind
