I'll Be Sweeter Tomorrow (Than I Was Today)

The O'Jays

Do do do do...I always like to be
On my P's and Q's
I don't want to miss something
Nice that I can do for youI know you love me
The way I, ohh
But something inside of me
Keeps saying do more
Do more, do more if you canI got news for you
Good news for, oh
I'm gonna be sweeter to you
Than I was yesterdayYou call me your
Sugar and spice man
Your everything nice man
But I'm just trying to
Give you half as much
As you've given meAnd I, I don't doubt myself
I know I'm doing my jo
But I believe I can squeeze
A little bit more love
Out of this old heartI know you love me
The way I, ohh
But something inside of me
Keeps saying do more
Do more, do more if you canI got news for you
Good news for, oh
I'm gonna be much sweeter
To you than I was yesterdayI got news for you
Good news for, oh
I'm gonna be sweeter to you
Than I was yesterday
