Building It Up

JTR

I left the city with a broken heart
I saw it all go wrong
Stuck in a life you don't wanna live in
Oh oh oh oh,I left the past for new directions
Determined to move on
But every word she said got stuck in my head
Oh oh oh oh,I don't know why we're giving it up
Instead of living it up and believe it
Change the song, enough is enough
Start building it up and repeat itWhoa, oh whoa,
Whoa, you know we're building it up
Whoa, oh whoa,
Whoa, you know we're building, building it upSometimes you're taking it all for granted
Sometimes it's causing the fall
You better stick to the plan, 'cause it's all in your hand
Oh oh oh oh,I don't know why we're giving it up
Instead of living it up and believe it
Change the song, enough is enough
Start building it up and repeat itWhoa, oh whoa,
Whoa, you know we're building it up
Whoa, oh whoa,
Whoa, you know we're building, building it upYeah, it's hard to believe
But I wanna come back with my heart on my sleeve
Do I have to say please?
You know it's for real, 'cause I'm down on my kneesYeah I know that you see
Always was you and me
Let's build it up again
I know we can do it, we can't just be friendsI don't know why we're giving it up
Instead of living it up and believe it
Change the song, enough is enough
Start building it up and repeat itI don't know why we're giving it up
Instead of living it up and believe it
Change the song, enough is enough
Start building it up and repeat it
You and me girlWhoa, oh whoa,
Whoa, you know we're building it up
Whoa, oh whoa,
Whoa, you know we're building, building it upI left the city with a broken heart
