Is It Just Me

Lila McCann

Lately, I've been stumbling over my words
When I talk to you, I get nervous
And I rehearse how to say, Hello
When you call me on the phoneAnd when you're over at my house
Watching TV, sittin' on the couch
Just hangin' out, I catch you staring at me
With that silly grinAre we just friends
Or is there something going on?
Can you feel it too?Or is it just me feeling this way?
Am I the only one that senses
Something going on behind the scenes?Or is it just you? The way that you are
That I can't resist and you can't help it
Baby, are you falling in love
Or is it just me? Oh, yeahMaybe you're just a harmless flirt
And it's safe to rest assured
That it's absurd the way my brain
Will over analyzeAnd when my head begins to rush
Evey time I think of us
Looking up I get the feeling that
This feeling might be realSo what's the deal?
Is there something going on?
Can you feel it too?Or is it just me feeling this way?
Am I the only one that senses
Something going on behind the scenes?Or is it just you? The way that you are
That I can't resist and you can't help it
Baby, are you falling in love
Or is it just me?Whose pulse is pounding
Whenever you're near
Is it hot in here?
Or is it just me? Yeah, yeahOr is it just you? The way that you are
That I can't resist and you can't help it
Baby, are you falling in love
Or is it just me?(Feel like I'm falling in love)
Yeah
Or is it just me? Yeah, yeah, baby
(Feel like I'm falling)
Is it just me? Yeah, yeah
