Advisory - the following lyrics contain explicit language:

Who do you think you are? x2  
Who do you think that you are? Who do you wanna be? Who do you think you are? x2  
Who do you think that you are? Dawn is disappointing  
The colours will deceive you  
Endings are never happy  
Nothing comes without pain  
Believing in love is in vain  
Nothing stays the same  
Hard work all the same  
I said hard work all the same This is the space you've been given  
Anything else is forbidden  
Product of your past  
New things never last  
You are the sins of your father  
You're dirty like your mother  
This right here has been tested  
People bled for this method Who do you think you are? (you are?) x2  
Who do you think that you are? Who do you wanna be? Who do you think you are? (you are?) x2  
Who do you think that you are? Who do you wanna be? Here, hold on to nothing  
Make it your best friend  
This is all that we have  
Everything will end  
No use in you asking  
Everything has been answered  
All conclusions are drawn  
That's just the way it is What have you done to deserve that  
You can't change a thing  
The sooner that you learn that  
The better for all of us  
What have you done to deserve that  
You can't change a thing  
The sooner that you learn that

The better for all of usWho do you think you are? (you are?) x2  
Who do you think that you are?Who do you wanna to be?Who do you think you are? (you are?) x2  
Who do you think that you are?Who do you want to be?We don't care what you say anyway  
    Guess what we,  
    We don't care what you say anywayWho do you think you are? (you are?) x2  
Who do you think that you are?Who do you wanna be?Who do you think you are? (you are?) x2  
Who do you think that you are?Who do you wanna be?Someone made that shit up for kids x8
