

The Law Is Mine

Dangerous Toys

The law is mine and i'll do as i please
the law is mine and there ain't no school for me
please no more tragedy
please leave your tragedy at home
at home

Such a great sensation to feel so cool, you see
a sedate vacation with no more fools for me
please no more tragedy
please leave your tragedy at home
at home

The law is mine, the law is mine
i don't need no badge, no gun
the law is mine

The law is mine and there's no school for me
feelin' fine cuz there's no more fools for me
please no more tragedy
please leave your tragedy at home
at home

The law is mine, the law is mine
i don't need no badge, no gun
i don't need nothin' from anyone
i'll just lay here in the sun

The law is mine, the law is mine
i don't need no badge, no gun
the law is mine

The law is mine, the law is mine
i'll just kick your ass for fun
the law is mine

The law is mine, the law is mine
don't need nothin' from anyone
the law is mine

The law is mine and there's no more rules for me
