

Temptation

Gi

I gotta call from my shawty the otha day
She said she wanted me 2 come over
So i came to her crib around 8 (round 8)
We started talking and she fixed me a hot plate
Then she said come with me to the living room
To watch some t.v. maybe Comic View (comic view)
Then she told me to come up to her room (come up 2 her room)
I knew in my mind what she wanted to do (what she wanted to do)
