Thorn In My Side

cainÂ´s offering

Thorn in my side
You're always there
Just to remind me
That I still careThorn in my side
You won't let me go
Right there beside me
To let me knowI've been pushed around
Been knocked down
Lost a round or three
Life took a couple of things I loved
When I was too blind to seeBut I'll survive
I gave up on luck but I'm still getting by
Yeah I'm going to be alright
You can test my faith
But you can't take my pride
Thorn in my side, thorn in my side, ooooahThorn in my side
You just won't quit
Once in a while when I crack a smile
You rub my face in it
Thorn in my side
You won't let me run
God bless the fights
That I've lost and wonBut I'll survive
I gave up on luck but I'm still getting by
Yeah I'm going to be alright
You can test my faith
But you can't take my pride
Thorn in my side, thorn in my side, thorn in my side
Thorn in my side, thorn in my side, thorn in my sideI've been pushed around
Been knocked down
Lost a round or three
Life took a couple of things I loved
When I was too blind to seeBut I'll survive
I gave up on luck but I'm still getting by
Yeah I'm going to be alright
You can test my faith
But you can't take my pride
Thorn in my side, thorn in my side, thorn in my side
Thorn in my side, thorn in my side, thorn in my side

Thorn in my side, wooah, wooooahh ohhh
wooah oh oh, woooah oh ohhhh
