Losing Sleep

Chris Young

Light a candle
Turn all the lights down low
Baby, let's just lose control, lose control
I can handle every single curve, you know
That I love you, let me show you, ohFall into me, let me breathe the air you breathe
I can take you anywhere you wanna be
When it comes to us every single touch is something special
When we're wrapped up in those sheets
Yeah, we're winning, we're losing
When we're losing sleep
Real life, when it's this good don't you know
We don't need to dream at all
Baby, so...Fall into me, let me breathe the air you breathe
I can take you anywhere you wanna be
When it comes to us every single touch is something special
When we're wrapped up in those sheets
Yeah, we're winning, we're losing
When we're losing sleep
Fall into me, let me breathe the air you breathe
I can take you anywhere you wanna be, yeah
When it comes to us every single touch is something special
When we're wrapped up in those sheets
Yeah, we're winning, we're losing
When we're losing sleep
When we're losing sleep
Yeah, we're winning, we're losingLight a candle
Turn all the lights down low
