Sad Little Girl

Screeching Weasel

(Weasel/Vapid/Personality)
Your smiley face is out of order today everything's wrong and you can't shut it off just stop resisting you'll never change anything start sharpening your claws don't try to live the way that you want cause it's a lost cause the time goes by so slow there's nothing to do except claw at yourself just try to find a way to make it through fifty more years without screaming all the way the one solution is to stop thinking at all rip out your brain and sew up your mouth cuase things never work out for you and they never will
