Here I Am

Sanchez

Here I am, here I am
Ohh, yeaHere I am
Playing with those memories again
And just when I thought time has set me free
Those thoughts of you keep haunting meHolding you, a feeling I never once knew
Though each and every part of me had tried
Only you can fill that space inside
But I guess am pretending, my heart is not mendingJust when I thought I was over you, yeah
Just when I thought I could stand on my own
Oh baby, those memories just come crashing through
And I just can't go on without youOn my own, I've tried to make the best of things alone
I've done everything I can to ease the pain
But only you can stop the rain
I just can't live without you, I've got everything about youJust when I thought I was over you, yeah
Just when I thought I could stand on my own
Oh baby, those memories just come crashing through
And I just can't go on without youOn my own, I've tried to make the best of things alone
I've done everything I can to ease the pain
But only you can stop the rain
I just can't live without you, I've got everything about youOh, yes, yes
Here I am, here I amOhh, yea, yea, here I am
Playing with those memories again
And just when I thought time has set me free
Those thoughts of you keep haunting meHolding you
Holding you
Holding you
