This Moment

Greeley Estates

So here
So here you are now
In the wake of your dreams
You're standing so close to all of thisWhy do you keep doubting yourself
You've done this before
And you said you'd die for the chance
To be hereThis is your time to let go
You only have this moment
You've waited for so long
To be right hereNow you, you look in the mirror
And you tell yourself that
This is what you want, what you wantYou'd be a fool if you didn't act on this now
Just tell yourself you can do this
'Cause it's all you want toThis is your time to let go
You only have this moment
You've waited for so long
To be right hereDid you ever think
Did you ever dream that you'd be here
Now is the time for you to show
Them what you're made ofThey say, they say
That there's nothing to you
Since when, since when
Do their words define who you areIt's your time
Forget what they are saying about you
Don't waste another moment this is your only chance
You've worked so hard to get here don't ever forget thatThis is your time to let go
You only have this moment
You've waited for so long
To be right hereDid you ever think
Did you ever dream that you'd be here
Now is the time for you to show
Them what you're made ofThey say
That there's nothing to you
Since when
Do their words define who you are
