# Unrequited Love

## Yuna

Only when I look into your eyes
My senses ignite
I feel life
I was waiting for an answer
Like a feather falling
From the skyYou don't want to belong to me
Cause freedom feels better
Than I could give
You love inadequetely
But you steal hearts like mine
PerfectlyWhy you gotta be
Why you gotta be my unrequited love
(Unrequited love)
Why can't all of me
Pass it allFor as long as I can remember
Like oil and water we collide
But you don't seem to want forever
This adventure was only real to my eyesYou don't want to listen to me
Cause freedom sounds better
I can see
You love inadequetely
You steal hearts like mine
PerfectlyWhy you gotta be
Why you gotta be my unrequited love
(Unrequited love)
Why can't all of me
Pass it allYou're a man with excuses
Cause we've had something real
But it was only what I feel, no
Oh you're man, with your muses
Always wanting something new
And I was just someone that you could useWhy you gotta be
Why you gotta be my unrequited love
(Unrequited love)
Why can't all of me
Pass it all
