

# Dangerous Ground

## DJ Magic Mike

It's time to get ready to go (Ready to go)

It's time to party there again

We can go for it all (For it all)

We know you think we're crazy

We're rock dangerous ground but once we start

We can never ever stop

We've been fool these times (Fool these times)

We gonna set our hearts on fire

We gonna push for the top (For the top)

We'll show u how to play the game

Watch out I bet it's true

Step back to you

it's our turn to fly

It's time to get ready to go (Ready to go)

It's time to party there again yeah

We can go for it all (For it all)

We know u think we're crazy

We rock dangerous ground but once we start we can never ever ever stop
