Tank Full Of Blues

Dion

I've got a tank full of blues
I'm out at break of down
You know I got my guitar in the back
And a set of new strings on
I've got a woman who really wants me
I got another who wants me gone

I got some cash in my pocket
I'm back on the road again
Man I got me a pack of cigarettes
I should hit Memphis by ten
I got nothing but miles to put
Between now and back then

Go like this man
[Guitar solo]

I turn my radio up
And I drown out of blues down inside
Drink the coffee from the cup
I make it longer ride
If I ain't feeling better,
I'm a man who ain't never lied

One more time, yeah
[Guitar solo]

I got a woman that really wants me
I got a woman who wants me gone
I got a woman that wants me
I got a woman who wants me gone
I got miles ahead to go
And a tank full of blues to go on
My full tank of blues, that
I got a full tank of blues
Yeah, I don't wanna be abused
I don't mind being used
I got a full tank of blues
Man I can feel it down in my shoes

I've got a tank full of blues
I'm out at break of down
I got my guitar in the back
And a set of new strings on
I got a woman that really wants me
I got another who wants me gone
I got a tank full of blues
Little girl [?]
I got a guitar baby, huh, how can I lose?
I've got a tank full of blues.
