

# Swan

## Elisa

Walking by yourself in the cold, cold winter  
    Wrapped up in your coat like  
        It's a magic blanket  
    You say: "No matter where I go  
        They all look like strangers"  
    You see, the world only seems  
The fairytale that it isn't Dream on, dream on  
    There's nothing wrong  
    If you dream on, dream on  
Of being a swan But I know you're thinking... And now you're looking at the sky  
    Talking to your angel  
    Could he turn this dirty street  
        Into a flying carpet?  
    But then you say: "I am not scared of anything"  
Such a shy lie silent as the snow that is fallin' down Dream on, dream on  
    There's nothing wrong  
    If you dream on, dream on  
Of being a swan But I know you're thinking:  
    "Am I gonna make it through?"  
Dream on, dream on (and you can't run away)  
There's nothing wrong (you've got to find a way to make it through this mess)  
    If you dream on, dream on ('cause you can't run away)  
Of being a swan (you've got to find a way, a way out of this mess) But I know you're thinking: ('cause you can't  
    run away)  
"Am I gonna make it though?" (you've got to find a way to make it through this mess) Girl on the run (go girl)  
    You don't look back (go)  
    What did you see? (go girl)  
    What did you get? (go girl)  
    You're on the run (go girl)  
        Trying to forget (go)  
        But in the end,  
Is it so bad? Girl on the run (go girl)  
    You don't look back (go)  
    What did you see? (go girl)  
    What did you get? (go girl)  
    You're on the run (go girl)  
        Trying to forget (go)  
        But in the end (go girl)  
        Is it so bad... (go)

Being a girl?  
Being a girl?
