

Clarence White

Low

Clarence White and Josh Muray
I never thought Id see the day
It hurts to hear but its so easy to say
Clarence White I know I shouldnt be afraid You think its pretty (oh no)
I am a raging river
Ill cut through your city (oh no)
Just like the destroying angel
The one from the movie (oh no)
The one with Charlton Heston
That used to scare me But I know I shouldnt be afraid
I know I shouldnt be afraid
I know I shouldnt be afraid
I know I shouldnt be afraid
