

# Bridge To Nowhere

[Sam Roberts](#)

Another day breaks and the last one's gone  
You dig deep just to carry on  
Your debt's paid off but it don't feel gone  
So you slip out the back and you're moving on I can never figure out how to make a case  
That this don't amount to a fall from grace  
She wants to know can I replace  
This tired wool with satin lace Says you're on a bridge to nowhere  
And you're gettin' there fast  
Put it in the past, put it in the past If this is a race then I hope you come last  
You're on a bridge to nowhere  
And you're gettin' there fast Pressure builds till it breaks the dome  
You can build a house, you can't build a home  
And it's a fool who believes love is bred in the bone  
And there's no guarantees that you won't get stoned Yeah, I'm a fool who believed love is bred in the bone  
And there are no guarantees that I won't get stoned Says you're on a bridge to nowhere  
And you're gettin' there fast  
Put it in the past, put it in the past If this is a race then I hope you come last  
You're on a bridge to nowhere  
And you're gettin' there fast I don't know where it leads, oh, no  
All I know is that I don't wanna breathe  
This chemical breeze, no more So another day breaks and the last one's gone  
You dig deep just to carry on  
Your debt's paid off but it don't feel gone  
So you slip out the back and you're moving on She says you're on a bridge to nowhere  
And you're gettin' there fast  
Put it in the past, put it in the past If this is a race then I hope you come last  
You're on a bridge to nowhere  
And you're gettin' there fast Yeah, you're on a bridge to nowhere  
And you're gettin' there fast  
Put it in the past, put it in the past If this is a race then I hope you come last  
You're on a bridge to nowhere  
And you're gettin' there fast
