

# Sky Club

## Big Krit

[Hook] Now I'm popped up twice, drink on ice  
High beams on, forever top flight  
Mile high flow, cabin pressure low  
Watching out for traffic control  
I'm clear for landing, landing, landing  
I'm clear for landing, landing, landing  
I'm clear for landing, landing, landing  
Sh\*t, I'm too fly to be touched  
Too hard to be crushed

[Verse 1] Jammin' when I pull out on the scene  
Hoes hop up out they jeans  
Jaws drop up on the scene  
When that plane be super clean  
Like something out of a dream or a movie  
Groovy broads dress up at they choosin'  
I feel 'em all the same  
Down to do whatever before I ask 'em they name  
They just wanna know Krizzle can you sing  
I say yes I can  
Even with the highs and lows  
Pull up in that old ride  
Do it like a playa 'posed  
Back to what I was talkin' 'bout  
Don't miss out on this pimpin' cause ain't no stalling out  
I get ya where you wanna  
That's if ya calling out to me from the stands  
I'll holla at ya when we land  
[Hook]

[Verse 2] This that skew it on the Bar-B, where's the party  
Summertime and feeling fine and drinking forties  
With my kinfolk playing spades and still debating  
Bout going to the club after, sh\*t's overrated  
I'm kinda faded, my shawty jaded  
Cuz I don't pick up when she call, it's complicated  
Holla later, roller skating, super bassin'  
Turn it up to the max like goodness gracious  
It's back breaking, my neighbors hate me  
Keep it shaking, 808 earthquaking, life changing  
The way it knock on the pavement hear me in Asia

The way it thump in the trunk, you'll think I'm in danger  
Becoming one with the sun like a space invader  
Another shot just before it I don't need a chaser  
Reggie Miller ain't a liar, we don't like the Pacers  
When you in my plane hangar  
[Hook][Bridge]If you drinking and you po' somethin'  
One time, one time for y'all  
If ya smoking and you roll somethin'  
One time, one time for y'all  
To all my family let me hold somethin'  
One time, one time for y'all  
And all them broads that's down to show somethin'  
One time, one time for y'all  
[Hook]
