Elemental

In Hearts Wake

You can't own what is only borrowed
The consequence, the worries of tomorrowUnder broken anchors, sands of sea are scattered
Another empire shattered
Trying to claim what can never be tamed
The outcomes always the same
Elemental war will reignWe tore the fabric of life
Like an earthquake dancing through the ground
The hand that holds the knife
Is it worthy of wearing the crown?
Elemental war will reignYou can't own what is only borrowed
The consequence, the worries of tomorrowSuppress them, second guess them
We won't sit back and watch the world burn to ash again
Malice of men and world
History repeats
So what good is greed when there's no air left to breathe?We tore the fabric of life
Like an earthquake dancing through the ground
The hand that holds the knife
Is it worthy of wearing the crown?
We tore the fabric of life
Like an earthquake dancing through the ground
The hand that holds the knife
Is it worthy of wearing the crown?
