Undermining

Space Mtn

If you were me
And I was you
Then we could see
Completely through the lies
The creeps, the hell, the pain
Weâ€™d see we were, we were the same
The same

I know that you know that I know
We are together, we are alone
Itâ€™s true, youâ€™d see if you could see that
Iâ€™m with you when Iâ€™m with me,
With me

There is nothing that I want back
I let you in on this secret
Iâ€™ve got a place for you to hide
Inside all warm and on my insides
My insides

The brutal truth, the bottom line
Is that youâ€™re heart is undermining
My ability to see that I am you and you are me
